

## *IMPACT Series by Fitness Finishes*

# A quality storage solution that is aesthetically appealing and designed for maximum functionality

Fitness Finishes brings affordable elegance to your locker room without sacrificing performance or quality. With over 25 years of experience in the fitness industry, we excel in delivering storage solutions that are unparalleled in their functionality and visual appeal.

Fitness Finishes is proud to offer our exclusive IMPACT Series, an American-made locker line manufactured in the nation's largest and most cutting edge facility, Hollman Inc. The IMPACT Series fuses best practices in quality manufacturing with the eye catching design that has become the hallmark of Fitness Finishes' project work. The IMPACT Series represents the latest evolution in a series of locker products that now grace the facilities of exclusive locales such as Pebble Beach Golf Resort, Planet Fitness, L.A. Fitness, Blast Fitness and Work Our World.

While the IMPACT Series represents high caliber quality and reliability, Fitness Finishes' true value proposition rests on its customer service. Our flawless ordering system, streamlined supply chain and tireless dedication to client satisfaction and follow-up have created a customer experience that is second to none. If you are in the market for a locker solution that demands no compromise, look no further than Fitness Finishes. We look forward to partnering on your project.

**“Rapid lead times, top of the line components and dedication to customer satisfaction make us the number one solution for your storage needs.”**
